ABOUT ME

Motivated fresher pursuing Artificial Intelligence and Data Science with additional training in Python Full Stack Development. Skilled in programming fundamentals and web development with hands-on project experience. Seeking an opportunity to contribute to real-time projects and grow as a Python Full Stack Developer in a dynamic organization.

EDUCATION

K.L.N.COLLEGE OF ENGINEERING

2023-2027

B.Tech Artificial Intelligence and Data Science
CGPA-8.09 (Upto V Semester)

THIAGARAJAR MODEL HIGHER SECONDARY SCHOOL

2022-2023

Computer Science
81.6%

INTERNSHIP

Data Analysis Intern - Cognify Technologies

11/11/2025-11/12/2025

- Performed data analysis on restaurant datasets.
- Identified trends in cuisines, ratings, and price ranges.

Machine Learning Intern - SkillForge Private Limited

15/12/2024-15/02/2025

- Developed ML models for salary prediction and cyberbullying detection
- Performed data preprocessing, vectorization, and model evaluation

PROJECTS

Automated Attendance System for Rural Schools (RFID)

2025

- Developed an RFID-based automated attendance system using Arduino/Raspberry Pi and Python.
- Designed a system to track student attendance automatically and generate reports through a simple dashboard.
- Built a low-cost, offline-first solution suitable for rural schools with limited internet access.

AI Art Critic - AI Image Analysis System

2026

- Developed an AI-based art analysis platform that provides instant feedback on uploaded artworks.
- Built a web interface using Streamlit with image upload and interactive chat features.

Guess the Number

[PROJECT LINK](#)

- Built an interactive number guessing game using **React.js**

TECHNICAL SKILLS

- Programming Languages:** Python, C, Javascript
- Front-End:** HTML5, CSS3, React.js, Bootstrap5
- Back-End:** Django, CRUD
- Database:** MYSQL
- Version Control:** Git, GitHub

CERTIFICATES

- Machine Learning Internship Completion Certificate - SkillForge Private Limited
- Data Analysis Internship Completion Certificate - Cognify Technologies
- Certificate for completion of value added course in Generative AI Bootcamp
- Certificate of participation in Smart India Hackathon PRE-SIH2025
- Successfully Completed the NPTEL Course on Social Network Analysis
